SAFETY & PROTECTION

Our accessories are specially designed to ensure driver safety and to protect your loads.

ANTI-THEFT SECURITY

Diesel anti-theft devices

Part No. 74 85 134 021

Mechanical diesel anti-theft device with float 74 85 134 021

Fuel anti-theft device to prevent fuel siphoning, integral anti-backflow system with float to protect every drop of fuel, even with a full tank. Diameter: 79 mm.
Note: the float has been designed to float to the surface once the fuel filler nozzle has been removed, so it is not possible to re-insert the nozzle in the tank.

Diesel mechanical anti-theft device without float 74 22 416 915

Anti-theft fuel siphoning device, integral anti-backflow system. Diameter: 68.5 mm.

To be ordered with:

System protection 74 23 618 214

Strong box

Strong box with fixing kit 74 25 980 634

Motorised automatic locking system (battery-powered; 10,000 opening and closing operations), electronic locking with 4-digit code (changeable) and 5-minute memory function. Low battery indicator. Laser cut doors, restricted space between the door and frame. Door locked between 2 steel pivots. Vertical or horizontal installation. Sturdy internal locks and hinges, no plastic components. EC Compliant. Grey anthracite.

Capacity: 8.3 litres. Weight: 6.5 kg.
Dimensions (L x W x H in mm): 280 x 235 x 165.
Steel plate wall thickness:
- Door: 5.0 mm.
- Compartment: 1.5 mm.

Lock

Mechanical anti-intrusion Doorlock 74 84 078 457

Kit comprising: Mechanical locking system to be fitted to the cab door (right-hand and left-hand) and stickers to be adhered to the door window glass.
Mechanical safety system in addition to the remote control locking system. Withstands attempted break-in.

FIRE SAFETY

Fire extinguishers

Part No. 74 82 144 576

Part No. 74 22 590 688

2 kg fire extinguisher 74 82 144 576

3 kg fire extinguisher 74 82 144 585

6 kg fire extinguisher 50 10 404 152

Protective case for fire extinguishers located on the outside of a vehicle or trailer. Suitable for 6 to 9 kg type fire extinguishers. Vertical or horizontal installation. High resistance to impacts and projections. Supplied with bolt and retaining strap. 74 22 590 688

SAFETY SYSTEMS

Horn

Roof horn 74 84 522 090

Chrome-plated steel roof-mounted horn. Dimensions (L x H in mm): 610 x 150. Weight: 1.2 kg. Powerful horn.

To be ordered with:

Console 74 82 364 505

24 V solenoid valve 74 23 439 998

DRIVING SAFETY

Breathalyser - Alcolock test

Breathalyser - Alcolock test, left-hand drive 74 23 253 861

Breathalyser - Alcolock test, right-hand drive 74 23 253 862

Driver assistance ECU 74 22 364 866

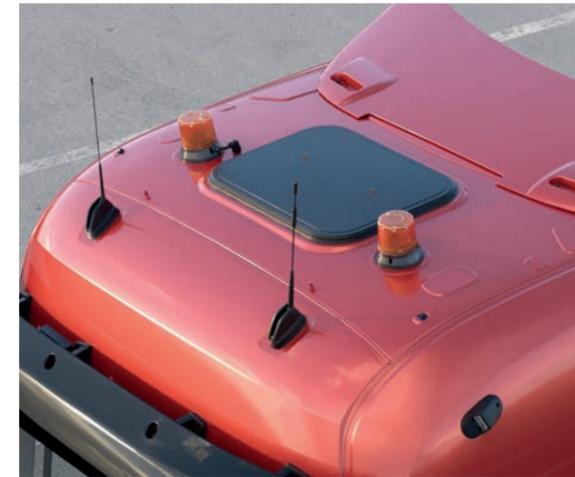

Electronic unit required for alcohol breathalyser test ignition immobiliser devices and also for the lane departure warning system. Not fitted as standard.

Single-use mouth piece (pack of 25) 74 22 024 666

VISIBILITY

Rotating beacons

Part No. 74 24 117 481

LED version 74 24 117 481

Two 24 V orange rotating beacons (sold with a fitting kit). For **Renault Trucks T, except High Sleeper cab.**

Work lights

Part No. 74 85 136 995

White LED work light 74 85 136 995

White 16-LED lighting. Consumption: 43 Watts. Power supply 9 to 33 V. Brightness: 3000 lumens. Supplied with cable and fixings. Attaches to the top section of the back of the cab. Provides light at the rear of the cab. Simplifies maintenance and handling operations.

White work light 74 21 650 855

Attaches to the top section of the back of the cab. Lights up the rear of the cab. Simplifies maintenance and handling operations. Dimensions: 104 x 94 mm. Supplied with cable and fixings.

Warning triangle

Worksite bar equipped with warning triangle and rotating beacons 74 21 650 717

Complete pre-wired assembly, pre-equipped on the vehicle. Contains 1 bar (140 cm) supporting 2 x 12 V rotating beacons and 1 folding triangle. Dual purpose: standard, with two rotating beacons; worksite with folding triangle. 24 V. For **Renault Trucks T, except High Sleeper cab.**

SCREENS

Double glazing

Part No. 74 82 396 705

Left-hand side double-glazing 74 82 396 702

Right-hand side double-glazing 74 82 396 705

Side window glass, 4 mm thick. Unbreakable laminated glass. Better protection against theft and break-in, as well as better vehicle noise and heat insulation.

BATTERY ACCESSORIES

Battery charger kit

Battery charger kit 74 23 034 242

Provides higher charging voltages and helps to maximise battery life. All chargers have at least 20 A and are designed to avoid over-charging. Waterproof and also suitable for all rechargeable batteries installed in vehicles equipped with a 24 V electrical system. No need to remove the battery caps or to disconnect the battery cables while charging.

The charger is designed for charging at low temperatures. It has a built-in temperature compensating device to provide an optimum charge.

Fully automatic and equipped with advanced switching technology, the charger switches off automatically once the batteries are fully charged. The charger consumes minimal power. Can be used as a power supply and can recharge fully discharged batteries.

ADVANTAGES

- Low energy consumption.
- Permanent installation.
- No disruption to advanced electronic equipment.

WIPER BLADES

Part No. 74 82 559 001

Set of 2 standard wiper blades 74 82 559 001

Set of 2 flat blade wiper blades (from 2022 onwards) 74 78 610 034

Battery reconditioner

Battery reconditioner 74 23 162 781

ADVANTAGES

Increases battery available charging capacity by preventing and reducing the build-up of lead sulphate.

Increases battery life by directly tackling ageing caused by sulphation. Prevents deep discharges that reduce battery life and lead to premature battery replacement.

This reconditioner, suitable for Renault Trucks vehicles fits easily into the battery compartment.

Battery reconditioner comes with a 2-year warranty, parts and labour included.

COMFORT

Onboard a Renault Trucks vehicle the finest details of our accessories have been designed to combine ergonomics and convenience. Something to make you feel at home at the wheel and during stop-overs.

SEAT COVERS AND FLOOR MATS

Seat covers

		Expert	New Force	Classy
Expert	Customised seat covers in two-colour simulated leather: nutmeg centre section and anthracite grey side panels. Easy to fit with zip fastening. Suitable for heavy-duty use in very dirty environments. Can be sponged down.			
New Force	Resistant custom-fitted covers, in the same fabric used for original equipment. Colours: anthracite and black.			
Classy	Custom-fit seat covers, with high-quality 3D stitching. Resistant breathable covers in the same woven fabric as used for original equipment. Protection and comfort combined.			
Driver	Adjustable headrest	-	74 23 677 877	74 85 136 367
	Built-in headrest	74 85 136 361	74 23 677 872	-
Passenger	Adjustable headrest	-	74 23 677 879	74 85 136 368
	Built-in headrest	74 85 136 362	74 23 677 873	-

Floor mats

Part No. 74 21 514 904

Part No. 74 84 526 409

Part No. 74 24 018 513

Part No. 74 23 326 806

Part No. 74 24 018 513

Part No. 74 24 018 513

Rubber floor mat, left-hand drive 74 21 514 904

Rubber floor mat, right-hand drive 74 21 514 905

Rubber floor mat with raised Renault Trucks logo. Sold in pairs: one mat for the driver's side and one for the passenger side.

Textile floor mat, left-hand drive 74 84 526 409

Textile floor mat, right-hand drive 74 84 526 546

Textile floor mat with red Renault Trucks logo. Sold in pairs: one mat for the driver's side and one for the passenger side.

Integral floor mat (for T High only) 74 24 018 513

New T C K Evolution

Fabric floor mat, left-hand drive 74 23 326 806

Fabric floor mat, right-hand drive 74 23 326 803

Integral floor mat (for T High only) 74 24 018 513

AIR CONDITIONING UNITS

Temperature controllers

Cab interior temperature controller - SPX1200RT for **High Sleeper cab** 74 24 082 551

For variable temperature control inside the vehicle. Interior air is drawn in, cooled and dried via the intake grille in the air conditioning unit and returned to the vehicle interior through the blower vents. Comprises 2 components mounted separately: an evaporator mounted on the roof and a condenser mounted on the rear cab wall. On tractor vehicles only.

RTX 1000 **Day cab** and **Night & Day cab (H1)** 74 23 488 884

RTX 1000 **Sleeper cab** and **High Sleeper cab (H2)** 74 23 488 890

For variable temperature control inside the vehicle. Interior air is drawn in, cooled and dried via the intake grille in the air conditioning unit and returned to the vehicle interior through the blower vents. Mounted on the cab roof (the air conditioning unit replaces the sunroof).

Part No. 74 23 488 884

CAB FIXTURES AND FITTINGS

Kettle

24 V kettle 74 85 134 400

Robust relay technology, automatic shut-off when boiled or if there is no water in the kettle. Power ON indicator. Colours: black and silver. Capacity 0.75 L. Power supply 24 V. Power consumption 380 Watts. Dimensions (L x W x H in mm): 190 x 125 x 205. Weight: 750 g. With fixing kit for wall/horizontal installation. E-Approved (CEM Directives).

Water fountain

Water fountain 50 01 860 231

Water fountain to be mounted on the chassis. Capacity: 25 L. Food grade high-density polyethylene plastic material. Dimensions (L x W x H in mm): 600 x 450 x 220.

Coat hook

Coat hook 74 82 291 102

Colour: medium grey.

Cooler

Bottle cooler

74 82 268 385

Storage capacity: 2 x 1.5 L. Weight: 4.6 kg (empty). 24 V.
Dimensions (L x W x H in mm): 160 x 276 x 430.

Blower

Blower

74 85 134 118

Professional blown air gun. Pressure: 8.5 bar. 2 m polyurethane red coiled hose. Colours: red and grey.
Ergonomic air gun is easy to grip.
Connects or disconnects instantly to the cab pressure connection.
Suitable for cleaning the cab interior.

Refrigerators

26 L additional refrigerator

74 84 581 543

Capacity 26 L. Weight: 16 kg (empty).
Dimensions (L x W x H in mm): 600 x 662 x 230.
Voltage: 12/24 DC.
Temperature: 4°C to 12°C.
Colour: black.
For **Renault Trucks T, except High Sleeper cab.**

40 L additional refrigerator

74 84 581 545

Capacity 40 L. Weight: 20 kg (empty).
Dimensions (L x W x H in mm): 647 x 448 x 370.
Voltage: 12/24 DC.
Temperature: 4°C to 12°C.
Colour: black.
The removable central partition can be placed in the freezer and then used to quickly cool down the refrigerator to help keep the refrigerator cooler for longer.
For **Renault Trucks T High Sleeper cab.**

Clipboard

Clipboard

74 82 224 412

Clipboard used to hold documents. Integrated pen-holder.
Can be fitted in position on the steering wheel.
Weight: 310 g. A4 format. Colour: carbon.

Part No. 74 84 581 545

Ice cooler

24 L electric ice cooler

74 85 134 405

Electric ice cooler with a 24-litre capacity (approx.).
Supply voltage: 12 DC and 230 V AC.
Dimensions (L x W x H in mm): 420 x 300 x 420. Weight: 4.3 kg.
Automatic AC/DC communication (12/230 V) for vehicle and mains power supply. Two clear zip pockets, a mesh pocket, a cable compartment and adjustable strap. Enough height for 2-litre bottles. Velcro fastenings for secure fastening in the vehicle and a hard-wearing outer casing. Can be placed on the passenger seat and held in position using the seat belt.
EC, TUV/GS compliant, approved in accordance with the current directive for vehicles.

Courtesy mirror

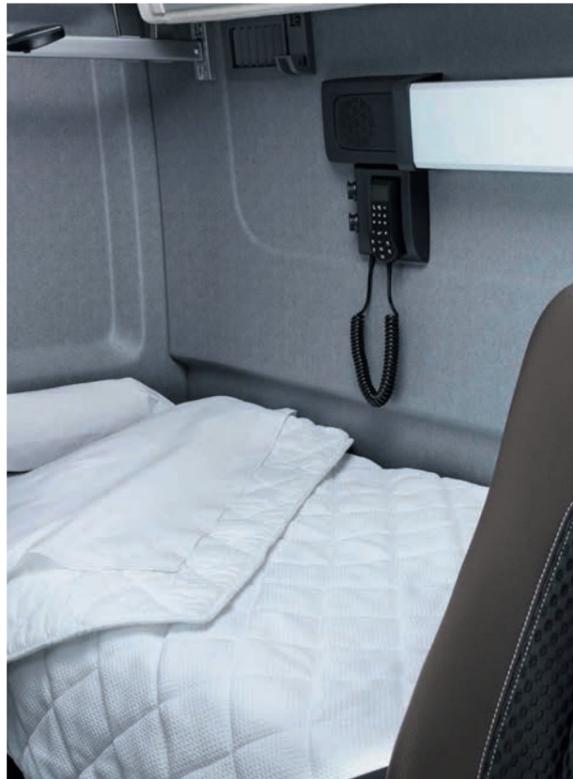

Courtesy mirror

74 82 517 056

Courtesy mirror built into the interior of the overhead storage unit.
Dimensions: 88 x 136 mm.

REST AREA

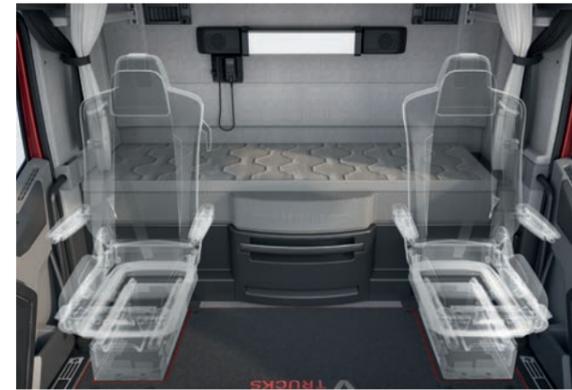

Sheets

Part No. 74 85 136 336

Flat sheet	74 85 136 333
Material: 100% cotton. Colour: white. Dimensions: 2.75 x 1.70 m.	
Fitted sheet for one-piece bunk	74 85 136 334
Material: stretch jersey. Colour: white. Dimensions: 2 x 0.8 m.	
Fitted sheet for extendable bunk	74 85 136 335
Material: stretch jersey. Colour: white. Dimensions: 2 x 0.9 m.	
Duvet	74 85 136 336
Material: stitched ticking fabric, 73% polyester, 27% cotton. Colour: white. Dimensions: 2.75 x 1.70 m.	

Mattress topper

Mattress topper	74 23 822 359
Memory mattress topper with removable cover.	

Hammock

Part No. 74 82 286 392

Hammock backrest	74 82 286 392
Material: 100% polyester. Dimensions (H x L in mm): 750 x 500. Colour: grey.	
<u>To be ordered with:</u>	
Lower right-hand support	74 82 516 837
Lower left-hand support	74 82 516 836

ELECTRONICS

Telephony, cameras, driving assistance, etc. Our range of electronic accessories can be fitted to our cabs to simplify your work and provide a more pleasant everyday environment.

CAMERAS

Cameras

Part No. 74 21 631 566

Camera (10 m cable)	74 21 631 566
---------------------	---------------

Kit includes: camera + 10 m cable + suitable connector.

Camera (20 m cable)	74 21 631 565
---------------------	---------------

Kit includes: camera + 20 m cable + suitable connector.

These two cameras are to be ordered with:

Wiring harness kit	74 22 106 752
--------------------	---------------

Fir-tree type fitting	50 03 085 032
-----------------------	---------------

Cable tie	50 03 085 014
-----------	---------------

Video switch	74 22 488 194
--------------	---------------

For vehicles with camera pre-equipment (Variant 3YS02):

Camera (10 m cable)	74 23 317 424
---------------------	---------------

Kit includes: camera + 10 m cable + suitable connector.

Camera (20 m cable)	74 23 317 425
---------------------	---------------

Kit includes: camera + 20 m cable + suitable connector.

DRIVING ASSISTANCE

Additional screen for dashboard

Part No. 74 22 224 265

Additional screen for short and long dashboard, left-hand drive and for short dashboard, right-hand drive.	74 22 224 265
--	---------------

The additional screen has been designed to support driver activities such as navigation, fleet management, reversing and side cameras, front-view mirror, etc. It is located in the centre of the dashboard. 7-inch screen. High definition colours. Touch-sensitive interface. Buttons for easy access to functions (ON/OFF, source change, lighting brightness, day/night mode, etc.). Easy to use (touch-sensitive screen, intuitive interface). Operating temperature range: -40°C to +85°C. The component can withstand a high vibration environment. Dust-proof.

To be ordered with:

Decorative adhesive strip	74 82 522 720
---------------------------	---------------

Frame	74 82 514 292
-------	---------------

Wiring harnesses	74 21 676 969
------------------	---------------

Screen	74 82 514 290
--------	---------------

Protection	74 82 514 294
------------	---------------

CB

CB

Part No. 50 01 872 845

CB	50 01 872 845
----	---------------

Johnson II CB radio; 40 channels; AM/FM; 12 V. Dimensions (L x W x H in mm): 170 x 150 x 52.

Rack for CB	74 85 134 463
-------------	---------------

Johnson II CB radio; 40 channels; AM/FM; 12 V. Dimensions (L x W x H in mm): 170 x 150 x 52.

Lane departure warning system

Part No. 74 21 734 757

To be added:

Cover	74 21 873 901
-------	---------------

Wiring harness	74 21 676 855
----------------	---------------

Cable tie	50 03 085 014
-----------	---------------

Also to be added, if the HCV is variant 3ZR01:

Wiring harness	74 21 418 531
----------------	---------------

Freewheel	74 21 995 063
-----------	---------------

To be added if the HCV is not variant 3ZR01:

Wiring harness	74 21 418 526
----------------	---------------

Helps to maintain the vehicle direction of travel by activating a warning buzzer when the vehicle crosses the white lines if the indicators are not operated. The warning buzzer sounds on the left or right-hand side of the vehicle, depending on direction of drift.

The system is particularly helpful for long distance driving on motorways and national roads when driving becomes monotonous at any time of day or night. Only operates at driving speeds above 60 km/h (deactivates at speeds below 55 km/h). Activated by pressing a button, deactivated by a switch on the dashboard. Information is displayed on the instrument panel.

The lane departure warning system consists of several parts numbers:

Detection sensor	74 21 723 757
------------------	---------------

Cable for camera	74 21 536 828
------------------	---------------

Camera	74 21 202 923
--------	---------------

Variant required:

Road safety electrical pre-equipment	6YR02
--------------------------------------	-------

CUSTOMISATION

Customising your Renault Trucks vehicle allows you to create a working environment that suits you best. Choose from our selection of accessories to create your own design.

ADDITIONAL LIGHTING

Roof bars

Roof bar for **Day cab**
and **Night & Day cab** 74 23 508 567

Roof bar for **Sleeper cab**
and **High Sleeper cab** 74 23 495 448

Kit comprises: a stainless steel roof bar and wiring harnesses.
The vehicle can be customised.
Additional lights to be ordered separately.

WHEEL EQUIPMENT

Wheel rims

Part No. 50 10 598 325

Alloy wheels

Alloy rims are lighter than standard rims. They offer better road-holding, greater comfort and a significant weight saving.

Steered/Drive wheels	
22.5 x 8.25	50 10 598 325
22.5 x 9.00	74 22 606 553
Steered wheel	
22.5 x 11.75	74 22 606 560

Dura-Bright rims®*

* Dura-Bright® is a patented soap and water-based surface treatment product for fast cleaning.

Steered/Drive wheels	
22.5 x 8.25	74 22 606 573
22.5 x 9.00	74 22 606 575
Steered wheel	
22.5 x 11.75	74 22 606 577

Additional white light

Part No. 74 85 135 868

Additional white light - Rallye 3003 74 85 135 868

Side light comprising 6 high-performance LED lights producing an intense white light. Precision reflector for optimum and uniform lighting of the road ahead, up to 500 m.

LED lighting strips

Part No. 74 21 918 119

Blue monochrome LED lighting strip kit (front end) 74 21 918 119

LED lighting strip kit for the front end. Kit contains LED lighting strips for right-hand and left-hand bumpers only.

CAB CUSTOMISATION

Carbon-finish steering wheel

Carbon-finish steering wheel 74 82 520 601

Leather steering wheel with logo outline and carbon decor upper section.

CAB INTERIOR TRIM

Part No. 74 23 328 160

Part No. 74 23 401 699

Dashboard trim	74 23 328 160
Door trim, left-hand drive	74 23 401 699
Door trim, right-hand drive	74 23 402 374
